

True worshippers will worship the Father in Spirit and in truth

What is God doing in Sri Lanka?

God is using 15 young girls to flip it upside down. This Sunday we led both services (one at 7:30AM and the other at 9:00AM)

Many were delivered and set free in these services.
1 received the Holy Ghost in the 2nd service!

C.S.I. team

God has opened the door for us to partner with Compassion Services International. This is a team of medical professionals and volunteers who help to set up clinics providing medical check-ups for Sri Lankans.

This has been such an amazing opportunity for us to think outside of our box.

The doctor leading this team is a wonderful lady and I'm so thankful to have met her!

a "God" appointment.

This picture houses so much power.

15 American girls wanting coffee turned into a worship session that rocked our world.

We began to talk with one another in this dimly lit coffee shop when we realized there was live music. Tiffany, the bold one among us, started chatting with the musicians and struck up quite a deep conversation. By this time all 15 of us were gathered around asking them to play a song for us.

It started with an original of theirs, then we asked if they knew any Christian songs.... it turns out they're worship leaders here in Sri Lanka. WOW!! We sang so many songs and worshipped right in the coffee shop. This place with so many restrictions just became a place of worship where the presence of God freely moved among each of us. This is an experience none of us will ever forget!

Overcoming obstacles

I have to tell you all about my friend Cynthia!
 She is testifying about what God has done in her life in this picture. But a week ago she was bed ridden.
 God raised her up and is using her in a mighty way!
 She was able to testify and sing a solo this Sunday!

Me and two of the girls that are part of the worship team we met!

3 weeks of Next Steps training is over - I'M GRADUATED! I MADE IT!

After 3 weeks of being educated about missions, personal relationship with God, and leadership I feel like a new human being.
 The people who created Next Steps have done such a great job in equipping my generation with the tools we need in order to be successful in short/long term missions.
 I feel more prepared to go AIM and more confident than I ever have. God has truly spoken to me these past 3 weeks.

I have a divine direction!

Me with Global Missions Directors; Bruce and Diane Howell and Regional Directors of Asia; Lynden and Kathy Shalm. Such an honor to be with these couples and learn from them these past 3 weeks!
