

May/June 2018

## India/Sri Lanka

I am very thankful for the opportunity to be on AIM this summer for 3 months in the nations of India and Sri Lanka.

I want to thank all of those who have supported me financially and prayerfully for this trip. I pray that God will richly bless you.

I am excited for the opportunity to be a part the Next Steps Team in Sri Lanka. The sessions have been so powerful. God has truly been doing great things in every life that has attended these sessions.

I am excited to see what the next few months will hold. I am sure the adventure will be great.

# AIM Report

## Katie Miller

My journey began in May when I arrived in Mumbai, India. I attended church services at one of the UPC churches in Mumbai. I had the opportunity to sing and play my ukulele during the services. God is doing mighty things in India.

*Turtle Observatory and Beach Trip with Next Steps Team.*

In June I traveled to Sri Lanka to be a part of the Next Steps Program team. I had the opportunity to teach during the sessions. God did wonderful things in all of us and I cannot wait to see the results.

I am so glad that I was able to connect with many wonderful young adults from the NSP who have similar callings to mine. It was a life changing experience.
