

NEXT STEPS New Zealand

JUNE 2019 NEWSLETTER

LEARNING

Much of the month of June was spent in a class setting where we received training to help us discover who we are in God, how to reach and relate to the mission field and what our roles are along this journey.

SERVING

We spent time serving the community, working together with members of our host church, Grace Fellowship

REACHING

We travelled to the preaching point of Tauranga and joined with the Borders family in a time of prayer and worship.

FELLOWSHIP

We travelled to Auckland to be in service with Southside Pentecostal Fellowship. They invited the Next Steps participants to minister in song and testimony as well as a time of fellowship after service.

TEACHING

Finally, we were given opportunities to teach in the youth and Sunday School classes. It has been a joy to get to know this great group of young people and see the love they have for the work of God.

It is a great joy to work together with host missionaries, Brandon and Mollie Borders, as well as the churches of New Zealand. I'm excited to see what God is going to do in our remaining time of the New Zealand NSP.
