

KIA ORA

NEW ZEALAND

UPCI Missions: an overview of our first month

Bethany Bosworth | NSP 2019

New Zealand is located in the South Pacific. It is home to 4.694 million people. New Zealand is made up of two main islands, the North and South. The population consists of mostly European and Maori with Asian influences.

Grace Fellowship, in Hamilton, NZ, is derived of English, Maori, Tongan, Fijian and Colombians. The atmosphere is friendly and must be like heaven with all nations coming together to praise God.

GRADUATION

We finished our training!

GRACE

Sunday, after service, before heading to the preaching point in Tauranga.

OUTREACH

Next Steps singing in Auckland. Our group has a mindset of growing the kingdom of God for His glory!

Sowing the Seed

Outreach is one of our primary goals. We are improving in our intentional evangelism. There are currently 7 churches and 3 preaching points between both islands. We are planting seed to reap the harvest!

His Glory

Everything we do from helping with MK's, prayer walks, organization, Sunday school, singing etc. We are here to free the hands of the missionary.

Remember your WHY!

"...And who knows whether you have not come to the kingdom for such a time as this?" Esther 4:14. Now is our time to rise up to do the work of our Father.

NS with Bro. and Sis. Addington believing for a miracle concerning his health.
