

JUNE 30

NEXT STEPS 2019

PUERTO RICO

FABBY MADRID

GRADUATION

On June 21st, we finished the NEXT STEPS, Global Missions curriculum. This marked the end of the training session and introduced the start of the apprenticeship part of the mission trip. It is time to go to work. AMEN!

AGUAS BUENAS, PR

For Father's Day, we spent it ministering at the church in Aguas Buenas, PR. Some of us were able to speak into the lives of the young people during Sunday School. The young people of this church are the driving force. Through prayer and fellowship, we were able to encourage them. As the service moved along, God began to pour out his Spirit and began to minister to every young person and every family in the house. AMEN.

THE COST OF THE CALL

We are only a month in and God has spoken to, challenged, encouraged, and changed me so much. Through the relationships that I have created with all the missionaries (including Bro Joseph Landaw & family - not pictured), God has given me a glimpse of the sacrifice they have made in order to expand the kingdom and reach souls. Today, I honor my Pastor, my family and all people that have chosen to answer the call of God. You are my hero! God Bless you.

FAJARDO, PR - LUQUILLO, PR

On Saturday June 22nd, we took a trip to Fajardo, PR to do some outreach and pass out tracts in preparation for the morning service on Sunday. We had a very successful time reaching out to the community as we saw multiple families come the next morning. I was able to be a part of kids church and we saw kids from the families that came. One of the kids was really into the lesson we were teaching (the wall of Jericho) and even into service, his family was at the altar seeking after God. We were excited to get new families connected to the church there in Fajardo.

In the evening, we were able to be in Luquillo, PR. That church is a praying and praising church. The atmosphere of the miraculous was present and God was moving. In this service, a gentleman with chest pain was healed and a few backsliders were prayed back through. Souls were touched, restored, and refilled by God. Our group was also encouraged and blessed to be a part of this amazing service. This would mark the beginning stages of our apprenticeship phase.

MOVING TO PONCE, PR

NOCHES DE FUEGO - LAJAS, PR

On June 24th, we moved locations to Ponce, PR to be under the supervision of missionary Joseph Landaw and his family. Once we arrived, we were already in preparation for the Noches de Fuego conference that would take place on June 28th-29th in Lajas, PR (about an hour away from Ponce, PR). On every day of the week, we had music practice and went to do outreach, evangelism, hand out tracts, and pray with people as we went. We had the opportunity to pray and sing for an elderly lady and she was really encouraged to have us there. Both nights, there was a great turnout. There were many new families from the community that attended. I have an unconfirmed number of people that received the Holy Ghost but one thing I do know for sure is that we connected many, many new families to the church in Lajas, PR.

PONCE, PR - AGUADILLA, PR

On Sunday June 30th, for the morning services, our group was split and my group had the opportunity to minister at the local church here in Ponce, PR. What a beautiful presence of the Lord. In the afternoon, we were able to minister at the church in Aguadilla, PR. To give you some background of this church, this church was one of the churches that was impacted the most by Hurricane Maria. After the hurricane, most of the congregation left the church. They went from running a good crowd to finding it hard to have 10 people in their services. Please keep this church, its Pastor in prayer. We believe that God will restore and bring revival to Aguadilla, PR.
