

# Next Steps Puerto Rico

Weeks 1 & 2

## Training

Weeks one and two have been spent in classes that have been taught by AIMers, current and former missionaries, as well as local leaders. We have attended services celebrating Pentecost Sunday in Vega Alta and Ceiba. This weekend we have also enjoyed some sightseeing during our time off.

Our first week of training was hosted by the church in Loiza. The classes were centered around the theme "Who I Am" with lessons such as "How Big is Your Why," "Spiritual Disciplines," and "The Next Right Step." This week was focused on further strengthening our personal relationships with God and preparing for our ministry while here in Puerto Rico. Week two was hosted by the church in Ceiba, and our classes were centered around the theme "Where I Am." Some of our lessons included "Overview of the CAC Region," "Culture Shock," and "Servant Leadership." This week we learned more about the work in Puerto Rico and the Central America and Caribbean region.

Last weekend we celebrated Pentecost Sunday with churches from all over the island at Campamento H.G. Smith, as well as in service with the church in Ceiba. We praise God for five people receiving the Holy Ghost and one being baptized in Jesus name! This weekend we enjoyed a sunset cruise and got to see the walls of old San Juan from the water. We also hiked through the rainforest in El Yunque National Park, and are looking forward to service in Aguas Buenas!

*We were blessed to have Bro and Sis Poitras with us for our first week of training!*

*Puerto Rico is home to some of God's most beautiful creations!*

## Prayer Request in Puerto Rico

Keep the island in prayer as they are still recovering from the recent hurricanes. Puerto Rico has 78 municipalities, and there are only 25 churches and 2 preaching points. Pray that God would raise up more leaders and establish more churches.

## Countries in Need of Missionaries and Established Churches

French Giana, St Vincent and the Grenadines, Suriname, Panama, El Salvador, Peru, Bermuda, British Virgin Islands, Monserrat

## Prayer Request in the CAC and South America Regions

26/50 of the most dangerous countries in the world are in these regions. Venezuela, once one of the most wealthy countries, is now one of the poorest and most violent. Basic needs such as electricity, gas, and food are getting harder to buy. Despite conditions, revival is breaking out. But please keep this county in prayer!

We currently have 10 missionaries in these regions with health related issues in need of miracles!

Pray that God would send more missionaries to these regions!
