

Next Steps Puerto Rico

For the last 5 weeks we have traveled around Puerto Rico from church to church. Helping teach sunday school, painting churches, evangelizing and connecting with what are now life long friends. Traveling to 21 churches around the island of Puerto Rico has really opened up our minds to the needs this island. From the needs of sunday school teachers, music teachers, preachers and youth leaders.

Through the trip we were priviliged to help and sing with the IBC group that came to teach the Music Workshop.

An few days ago the Next Steps group was able to attend and celebrate with the 31 Bible School graduates as they graduated. Getting to see them graduate was an inspiration and a blessing. The work they have and will do will forever impact the kingdom.

Puerto Rico Youth Camp

We were privileged and blessed to attend Puerto Rico's youth camp. We got to connect with youth from all over the island and join together in prayer. Wonderful messages and classes were given and the alter calls were filled with hungry youth ready to step into a deeper walk with God. On the last night of camp 7 were baptized in the name of Jesus and several received the Holy Ghost.

Two of the seven baptized in the name of Jesus at camp!

Next Steppers painting the basketball court.

Noche De Fuego Revival

In Lajas we were able to evangelize and hold a revival, and to pass out flyers and pray for neighbors around the community. Our revival was held in the middle of the neighborhood gym down the road from the local church. And we are praying that the seeds we planted will continue to grow and bloom in Lajas, Puerto Rico.

To everyone who made this possible for me to experience this and more, thank you. Thank you for the support and never ending prayers. This Next Steps trip has stretched me spiritually to do more for the kingdom. To step out of my comfort zone and into my calling. Thank You.
