## SANTURCE, PR

On July 25th, we had our last service of the trip at the church in Santurce, PR. Abigail and I brought the Word for the last time and God began to move. As the church, we prayed for one another and in midst of our unity, God moved. What a powerful way to end our trip!

## PROTESTS IN PR

After the end of youth camp weekend, issues with the government began to arise. The people began to call for the resignation of the Governor and expressed it with protests. For almost 2 straight weeks, they were in Old San Juan protesting. At times, it got violent. At one point, over half a million people shut down the main highway that goes in Old San Juan and marched to the Governor's mansion. After refusing to resign for 11 days, the Governor finally resigned. Although he's out, there are still issues that need to be taken care of. It was a quite experience but I ask you to pray for Puerto Rico. In midst of all this, we were still able to minister and reach souls and we believe that God will do the work and will bring revival to Puerto Rico. They believe, we believe, join us in prayer!

## CONNECTIONS

Being here in Puerto Rico has been life changing and I am thankful to God for every single moment. I want to take a moment to thank God for all the new connections I have made. I will never forget you. Thank you for everything, PR!

## LUQUILLO - VILLAS PRADES - LOIZA

On July 17th, we did outreach and evangelism in the city of Luquillo and the Lord led us to pray for a new business that had just opened. It was a rehab center. As we were passing through there, we stopped and this gentleman ran to the gate and started to weep. He began to explain that he had been praying for a Christian witness to come visit him and to preach him the Word. He began to share his testimony. He once was an evangelist who knew the truth but he got caught in drugs and smoking and because of it, he is in the rehab center. We got to sing for him and encourage him and we got him and the business owner connected to the church in Luquillo. We are praying that God restores him and refills him with the Holy Ghost and restores him completely.

On July 18th, we had service at an apartment complex at their basketball court. We had done outreach the day before along with the outreach in Luquillo. We had a good number of guests come and hear the Word and be touched by God. There was a gentleman that was just riding his bike and saw and stopped by and we prayed for him. God connected new souls to the church that day. Amen. On July 19th, we were able to minister at a youth service in Loiza. There was a great turnout. Young people around this area went and were encouraged in the Lord and God worked in a marvelous way. Amen!!

On July 21st, we were able to visit and minister at the church in Canovanas. There was a move of the Holy Ghost! There was a gentleman that walking to his job and saw what was happening and stopped at the church. He went to altar asking for prayer and he was prayed through. After we prayed for him, He said he was ready to give his life to God. I pray the Lord keeps working on his life. Amen.
